S.S. # \_\_\_\_\_  
**Linear Graph Quiz # \_\_\_\_\_**

Below is the data that Ms. Pratt collected this summer by measuring a plant on her porch for 10 days.

<u>Day</u>	<u>Plant Height</u>
1	6 cm
2	8 cm
3	9 cm
4	12 cm
5	14 cm
6	17 cm
7	19 cm
8	20 cm
9	22 cm
10	24 cm

1. On your graph paper label the x-axis (horizontal) as "Day" and number the lines.
2. On the y-axis label it as "Plant height in centimeters" and number it.
3. Plot all 10 points.
