

## Energy Review Sheet

- |     |   |                           |
|-----|---|---------------------------|
| 1.  | Know the vocabulary   | TOC#5, 7 (overflow on #9) |
| 2.  | Know potential and kinetic energy   | TOC#20, 21, 24, 25        |
| 3.  | Be able to answer how energy transfer and energy transformation occurred in the dominoes lab. | TOC#22                    |
| 4.  | Know the 6 forms of energy  | TOC#24, 25, 26, 27        |
| 5.  | Study TOC#28 (fossil fuel review)   | TOC#28                    |
| 6.  | Know the nonrenewable chants  | TOC#29                    |
| 7.  | Know a description of coal, petroleum, natural gas  | TOC#31, 33                |
| 8.  | Know environmental effects of coal  | TOC#31                    |
| 9.  | Know fission and fusion   | TOC#34, 36, 37, 38        |
| 10. | Study TOC#40 (form of energy review)  | TOC#40                    |
| 11. | Know renewable chants   | TOC#41                    |
| 12. | Know highlighted clues in   | TOC#43 and 45             |
| 13. | Study renewable energy questions  | TOC#                      |
| 14. | Study review questions  | TOC#                      |

10 FIB, 10 MC, 10 Short Answer, 4 Application and Interpreting Data

Vocabulary Quiz: February 22

Test: February 24
